

Optic Sentry

Key Features

-  • Dual Detection
-  • Portable Design
-  • AI Intelligent Core
-  • HD Visualization
-  • WiFi Camera Recognition
-  • Wireless Signal Positioning

Product Description

A cutting-edge personal privacy protection device, this intelligent detector is specially designed to safeguard your privacy. This cutting-edge privacy detector, equipped with AI chip & core algorithm, accurately identifies pinhole/peeping/WiFi cameras, locates wireless signals, and eliminates privacy risks.

Specifications

Basic parameters

Product Dimensions	102mm*60mm*23.08mm
Display screen	2.4 inch 640*480 touch screen
I/O Interface	Type-C*1
Antenna	3dBi Omni Ant.
Sensitivity	-90dBm

Operating parameters

Battery capacity	1000mAh
Min. Aperture (Target)	$\geq \Phi 1\text{mm}$
Cam. Recognition Cap.	FAR $\leq 5\%$,MDR $\leq 5\%$
Cam. Physical Res.	2 Megapixels
WiFi Std. Support	802.11 a/b/g/n/ac/ax
Sig. Rec. Range	0.1m~6m

Basic Functions

Intelligent Early Warning	Has automatic detection of hidden cameras
Alert Method	Sound Alarm
WiFi Type Identification	2.4G/5.2G/5.8G WIFI Cam Det. & Acq.
WiFi Protocol Detection	WiFi 3/4/5/6/7

Product Reliability

Op. Temp.	-20°C ~40°C
Op. Humid.	45% RH (Non-condensing)
