Built to Withstand Anything Nature Throws Your Way

MIL-SPEC Upgrading from 810G to 810H

With the latest revision of MIL-STD-810H, Active 8 Pro has been upgraded by Blackview to offer unparalleled protection against harsh environments such as water, dust, and drops. With the peace of mind and confidence to tackle any challenge, this device can be relied on in any condition.

Keep Going Stronger With Endless Power

Up to 1440-hour Standby

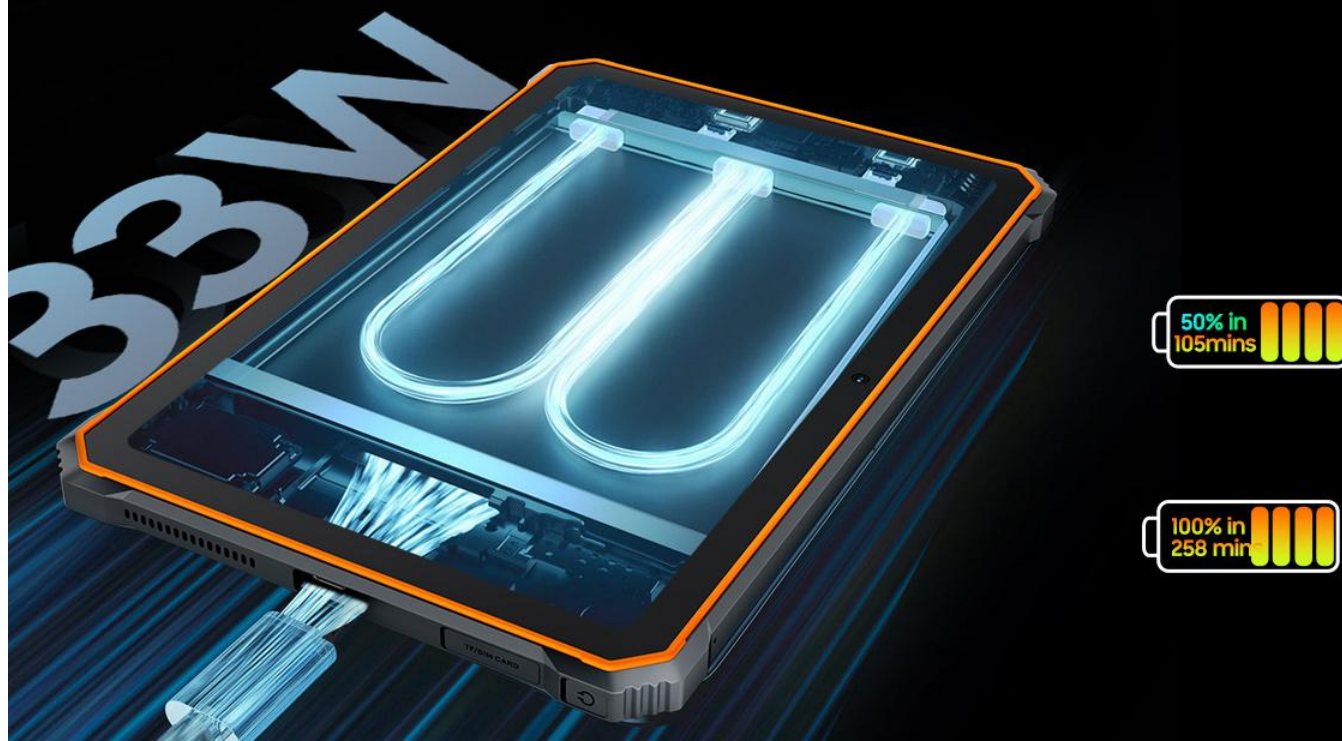

Say goodbye to battery anxiety with Blackview Active 8 Pro's gigantic 22000mAh four-cell solid-state battery. With up to 1080 hours of standby time, you can explore the outdoors for months without worrying about running out of juice. Keep your journey and work going strong with uninterrupted productivity and entertainment.

33W Fast Charge

Surge Back to Full Power in an Instant

Supercharge your Active 8 Pro with a lightning-fast 33W charge that keeps up with your energetic outdoor lifestyle. And when you're geared up for action, Active 8 Pro is right by your side! In a mere 285 minutes, this mighty 22000mAh battery reaches full capacity, ensuring uninterrupted adventures that can span days or even months.

See Every Detail Come to Life

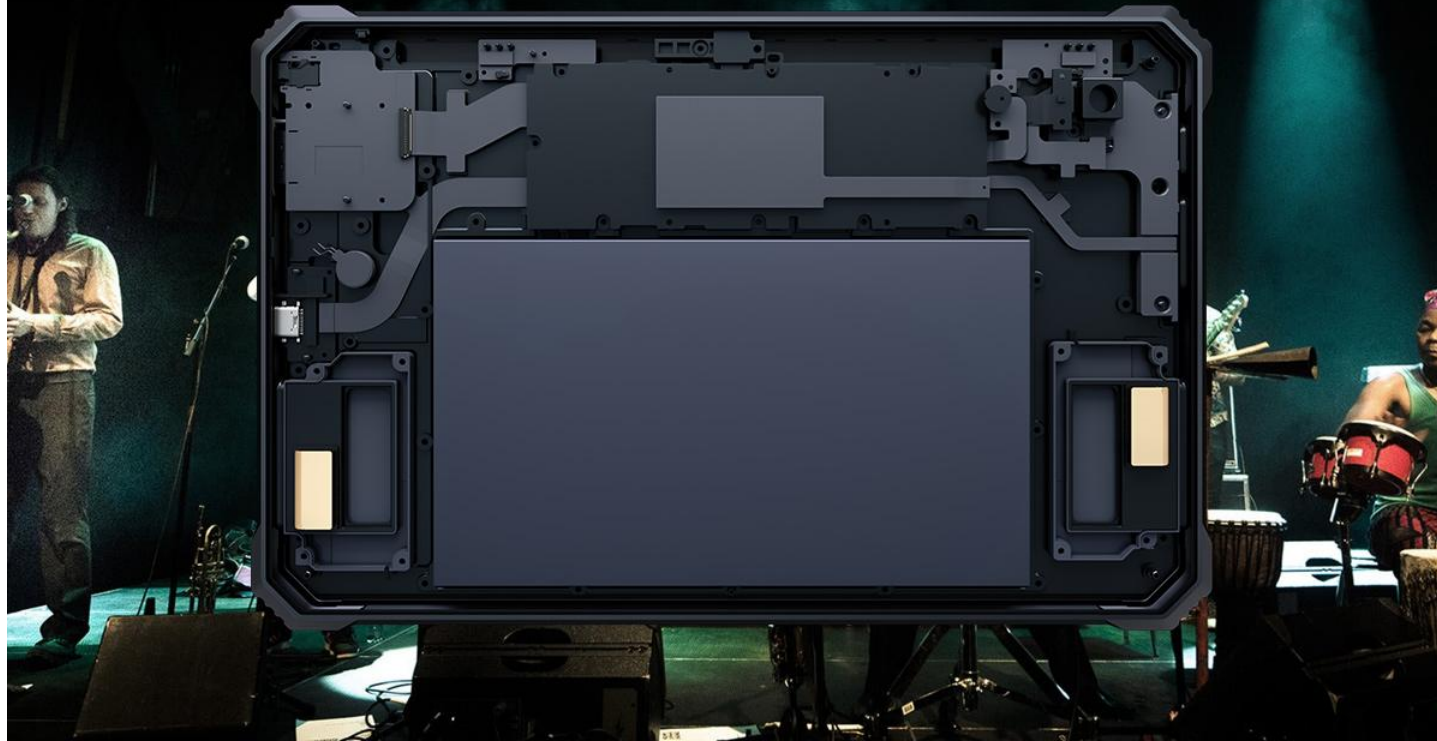

10.36-inch 2.4K Ultra-large Display

See everything in stunning clarity with Active 8 Pro's 10.36-inch FHD+ display and 2.4K resolution. Whether you're working, streaming, or gaming, you'll appreciate the clarity and color accuracy of this top-of-the-line screen.

Surround Yourself with Stereo Bliss Sound By Harman AudioEFX®

Delight in true immersive audio with Harman Kardon's sound. Blackview collaborated with experts to enhance the acoustic effects of Quad smart-PA BOX Harman Kardon speakers, providing exquisite and crisp high-end sound quality. The surround stereo sound of Active 8 Pro will immerse you further when watching movies and allow you to forget your surroundings while listening to your favorite playlist.

Say Goodbye to Eye Strain, Hello to Eye Comfort

Enjoy your screen time with greater comfort and ease, thanks to Active 8 Pro's built-in three eye-care modes and TÜV SÜD Low Blue Light certification. Whether you're working late into the night or enjoying a movie marathon, Active 8 Pro helps reduce eye strain and fatigue, giving you the peace of mind to focus on what matters most.
