

VoidSonic

Key Features

-  • Smart Induction Start
-  • Wide Compatibility
-  • Visible Working Status
-  • Safe & Zero Data Trace

Product Description

Phone Recording Blocker Dock, your desktop privacy shield. Built for high-security scenarios, it adopts ultrasonic mute tech. Auto-activated once phone is placed, it forms full sound isolation around mics. Physically block covert audio monitoring and secure confidential talks, protecting your privacy effortlessly.

Specifications

Basic parameters	
Product Size	200mm*100mm*46mm
Net Weight	300g
I/O Interface	Type-C
Functional Parameters	
Shielding Technology	Ultrasonic Mixing Interference Tech (Non-signal Shielding)
Material & Craftsmanship	Surface: Skin-friendly non-slip silicone padHousing: ABS + Aluminum Alloy
Operating Parameters	
Working Voltage	12V
Working Power	≥13W
Wireless Charging	Supports Qi protocol, max 15W output (QC/PD fast charger required)
Response Time	≤0.5s (Instant activation on placement)
Product Reliability	
Op. Temp.	-20°C ~40°C
Op. Humid.	45% RH (Non-condensing)
